

Thursday, April 30th* - - Fourth Grade Distance Learning Plan

Reading

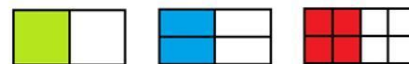

- ❑ Listen to [chapter 24](#) of Because of Winn Dixie
- ❑ Do Word Skills for chapters 22-24
- ❑ Do the six comprehension questions for chapters 23 & 24

Watch the lesson [here](#)

EQUIVALENT FRACTIONS

Equivalent fractions are fractions that have the same value. When looking at models of equivalent fractions, they have to be the same shape and size.

$$\frac{1}{2} = \frac{2}{4} = \frac{4}{8}$$

These models all show equivalent fractions. The same amount is shaded in on each rectangle.

To find equivalent fractions, you can multiply or divide.

| Find Equivalent Fractions by Multiplying | Find Equivalent Fractions by Dividing |
|--|---|
| $\frac{1}{2} \times \frac{4}{4} = \frac{4}{8}$ | $\frac{2}{4} \div \frac{2}{2} = \frac{1}{2}$ |
| You can find an equivalent fraction by multiplying the numerator and denominator by the same number. | You can find an equivalent fraction by dividing the numerator and denominator by the same number. |

Math

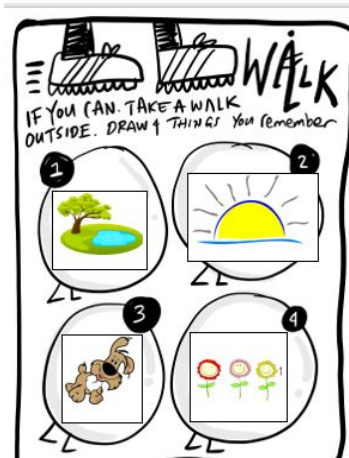

- ❑ Lesson 7-4 & 7-5 Equivalent Fractions Using Multiplication & Division
- ❑ Do lesson 7-4 & 7-5 Homework Side in your workbook

Writing

- ❑ Continue working on your [My Lockdown Diary Printable!](#)

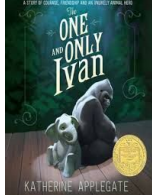

Religion

Mass Day!

Prayer:

Heavenly Father, when I struggle with everything going on, help me to remember that most everything is temporary. Help me to focus on the eternal things. Be with me and fill me with faith, hope, and love. Give the chance to share my faith, hope, and love with everyone I see today. Amen.
